

The Skipper Unit

Skipper simply clicks onto the top of most traffic cones and is the unique way to cordon off any outside area. It creates safer environments with high visibility retractable 9m tape.

The **total** events safety management solution

The unique new Skipper Post is **Now Available**

Place your order online today

Available in Orange, Green, Silver and Red.

The Skipper Post is the amazing new system for the successful Skipper product line. It's great versatility allows it to be used on both hard and soft ground, indoors and outdoors.

The post's unique interchangeable attachments allow you to fill the base with water or sand or sink it into the ground with an optional spike. This really is a great complement to the total safety management solution.
